RE: NOV 85-8-15-1
Wild Horse Ridge
CEP/015/017
Emery County, Utah

Dear Mr. Braxton:

Pursuant to our discussions, and as required for remedial action for the above noted NOV, this letter will serve as notification of our plans to upgrade the Wild Horse Ridge exploration road to Class III standards. The repair of existing structures is under way, and the road upgrade will be completed by November 30, 1985 as required.

John Arlidge of Nevada Electric Investment Company is in the process of drawing up a new proposal for final disposition of this road. Any additional work to be performed by Beaver Creek Coal Company will be determined after this proposal is approved.

If you need any further information, or have any questions, please let me know.

Respectfully,

Dan W. Guy
Manager of Permitting and Compliance
